## MESSAGE FROM MR PEMBLETON

Dear Parents and Carers,

As we move further into the term, routines are becoming well established across school. This is such an important part of helping children feel secure, ready to learn, and able to make the most of each day. Thank you for your support in ensuring children are prepared and settled for school each morning.

We are also delighted with the positive start in terms of attendance. Regular attendance is vital – not only does it make sure children don't miss out on valuable learning, but it also builds the strong habits that lead to future success. Good attendance now sets the foundation for progress, attainment, and later qualifications. Just as importantly, it helps children develop resilience, responsibility, and routines that will support them throughout life.

Finally, a very warm welcome to the many new families who have joined Anglesey since the start of term. We hope that you are settling in well, feeling part of our school community, and that your children are happy here. It has been wonderful to see how quickly new pupils have made friends and are becoming part of our Anglesey family.

Thank you, as always, for your continued support.

## PARKING

Please do not park where you will block in local residents. There are particular issues where some children are late for school because their drives are blocked. This seems to still be an issue on Melbourne Avenue.
